The Borculo Christian School Foundation

A Legacy of Faith, Stewardship, and Christian Education

The story of the Borculo Christian School Foundation is ultimately a story about people who believed Christian education was worth investing in—not only for their children, but for generations of children they would never meet.

In the late 1980s, Borculo Christian School faced many of the same challenges that Christian schools across the country continue to face today. Enrollment was smaller. Resources were limited. Tuition affordability was a constant concern. Yet a group of faithful supporters believed God was calling them to think beyond the needs of the moment and invest in the future of Christian education.

In 1988, the Borculo Christian School Foundation was organized "to receive and administer funds for educational assistance to the Borculo Christian School and its students."

What seems obvious today was not always easy to understand. Many asked a reasonable question: Why invest money for the future when the school has needs today?

The founders understood those concerns. They loved Borculo Christian School and wanted to support its immediate needs. Yet they also believed that faithful stewardship required a long-term vision. They dreamed of creating a permanent source of support that would strengthen Christian education for generations to come. That vision became the Borculo Christian School Foundation.

Built One Gift at a Time

The Foundation did not grow overnight. For many years, growth was measured in small steps. Faithful donors gave because they believed in the mission of Christian education. Parents, grandparents, alumni, and friends of the school invested in a vision that extended far beyond their own children and grandchildren. Year after year, gifts were invested and carefully managed by Foundation Board members who understood that they were not simply managing funds—they were stewarding a legacy. The purpose was never to accumulate wealth for its own sake.

The purpose was to create a consistent source of support that would help ensure Christian education remained accessible and affordable for future families.

Supporting Families Through Christian Education

Today, the Foundation provides annual grants to Borculo Christian School. These grants help reduce the overall cost of Christian education and strengthen the school's ability to fulfill its mission. Every distribution represents decades of faithful giving and stewardship. Every dollar distributed reflects the generosity of people who believed Christian education matters. Every grant tells a story of someone who invested in students they may never meet, trusting that God would use their gifts to impact future generations. The Foundation serves as a reminder that Christian education is not simply an investment in a school—it is an investment in God's Kingdom.

More Than an Endowment

The true value of the Foundation cannot be measured by the size of its assets. Its greatest value is found in the lives it impacts. Students who learn to see God's hand in creation. Families who partner with teachers to nurture faith. Children who grow in wisdom, knowledge, and a love for Jesus Christ. Graduates who carry their Christian worldview into their churches, workplaces, communities, and families. These are the lasting returns on the Foundation's investment.

Looking Ahead

More than three decades after its founding, the Borculo Christian School Foundation continues to grow. What began as a dream has become a lasting testimony to God's faithfulness. The Foundation now stands as one of the school's greatest long-term resources, helping ensure that future generations will continue to experience a quality Christ-centered education. Yet the work is not finished. The vision of the Foundation remains the same today as it was in 1988: To faithfully steward resources that strengthen Christian education and make it more accessible for future generations of Borculo Christian School families.

Continuing the Legacy

Every generation is called to build upon the faithfulness of those who came before them. The Borculo Christian School Foundation provides an opportunity for alumni, parents, grandparents, and friends of the school to leave a lasting legacy—one that continues supporting Christian education long after they are gone. Because Christian education is not merely about preparing students for a career. It is about preparing them to know Christ, serve others, and bring glory to God throughout their lives. For that reason, the Foundation remains committed to investing in the future of Borculo Christian School and the generations of students who will follow.

"Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge Him, and He will make your paths straight." — Proverbs 3:5-6
